

Intersectoral Forum on Environmental Sustainability in the Extractive Sector: Best Practices and Policies from the Pacific Alliance and Canada

AGENDA – Webinar C: Consultative Processes and Recognition Systems for Good Management

Day 3: November 11th, 2021

Consultative and recognition processes for good environmental management in companies, governmental organizations and agencies, are mechanisms aimed to protect the environment and to promote sustainability. This webinar will analyze how environmental management strategies are currently conceived in order to develop environmentally friendly tactics, tools and strategies.
