

Intersectoral Forum on Environmental Sustainability in the Extractive Sector: Best Practices and Policies from the Pacific Alliance and Canada

AGENDA – Webinar B: Development of Human Capital with an Environmental Perspective.

Day 2: November 4th, 2021

The development of human capital and environmental awareness in organizations are two important themes that are currently being incorporated into the strategic planning of companies. This webinar will address the alignment of these themes with regards to the training and development of human resources towards the creation and implementation of sustainable policies and environmental protection in the extractive sector and in TVET.
